Using your phone as a card machine can

provide you with a convenient, cost-effective, and secure solution for accepting

card payments. With SumUp Tap, you can transform your Android phone

into a contactless payment terminal, allowing you to expand your business and

provide your customers with seamless payment options.

Phone bills for service and usage

are not usually reported to major credit bureaus, so you won't

build credit when paying these month to month. However, through certain

credit monitoring services, you can manually add up to 24 months of payment

history to your report.
