A Cash Out value is calculated

using amount staked, price at the time the bet was placed and current price at

the time of the Cash Out.

While you may have most selections winning,

if one or more selections are considerably longer odds than taken to win, it

will have a large impact on your cash out value.

Bettors will usually choose to cash out

early from a wager for two reasons. A bettor can take partial

winnings if a wager looks good early but doesn't seem as though it will end

with a win. Similarly, a bettor can cash out early on a losing ticket so they do

not lose the entire amount of the wager.
