We will continue updating the information as we receive it from the manufacturers, and we will keep you posted regarding the changes. Thank you for your continued support and patience! Widely used on the ATP Tour, men's adidas tennis shoes have evolved substantially since the days of Rod Laver and Stan Smith. The brand with three stripes now offers a variety of tennis shoes for any type of player, from beginner to pro, and anywhere in between. You can find men's adidas tennis shoes on the feet of Alexander Zverev, Dominic Thiem, Stefanos Tsitsipas, and more. Adidas continues to be a trailblazer in the world of men's tennis shoes. Their innovative approach can help any level of player find success on the court. Currently, adidas features a couple of main categories of men's tennis shoes. The Court line, led by the SoleCourt Boost, recently replaced the Barricade family as the brand's premier durability line. Less expensive models within the line include the SoleMatch, Bounce, Court
