puzzle games, racing games, shooting games, sport games, strategy games, 2 player games, 3D games, action games ...and of course we are adding new games all the time, so

games continue working as technology and devices change, and we try to add only the best sources, so should you experience any access issues, at least some should be

unblocked.

Having used b

oth programs, I can say that Babel is better than Duolingo in terms

of effectiveness, engagement and offering guidance. I like that Du

olingo is free, but that's about it. Babel is hands down the better overall

language learning app.
