

# apostar online na mega da virada

To convert from a probability to odds, divide the probability by one minus that probability. So if the probability is 10% or 0.10, then the odds are 0.1/0.9 or 1 to 9 or 0.111. To convert from odds to a probability, divide the odds by one plus the odds.

What is the difference between odds and probability? - FAQ 1466
