Then a further 100-plus GB can be expected once the full game is downloaded in full. Those that have got their hands on the new Call of Duty early have reported that you will need about 172GB for PC and a whopping 240GB on PlayStation 5. Essentially, expect more than 200GB for all consoles.

Call of Duty Mobile has been downloaded over 650 million times, according to Activision Blizzard. The free-to-play game was released in November 2024 and its publisher previously said it had topped 500 million downloads in May 2024. A surge in downloads last year coincided with Call of Duty Mobile's release in China.
