About Angry Birds Games

Angry birds games are games from the Finnish company Rovio Entert

ainment. Since December 2009, they have been able to break into the top of

the most downloaded and popular games on the planet in a short time. Their fame

is so great that the heroes of the game have already been the official mascot o

f the FIFA World Ice Hockey Championship, have issued stamp series in their hono

r, in Finland Angry Birds Activity Parks have opened in some cities, and some re

leases were announced by astronauts on the International Space Station. And ther

e have been several feature-length movies about their adventures. The gameplay o

f the Angry Birds series is very simple and uncomplicated - at each level you ne

ed to destroy all pigs placed in different places. Most often they hide behind v

arious forts and structures consisting of blocks of different materials - wood,

ice, stone, snow, clouds, sand. By launching birds from the slingshot that destr

oy everything in their path, they must destroy all pigs on the level. Use clever

and logical thinking to successfully select the trajectory of the Evil Birds to

the desired targets, because the number of "projectiles" is limited a

nd, in case of failure, you will have to start the level again! And sometimes lu

ck will be on your side when you re not shooting exactly in the heel of a green

piggy, but only in the corner of the building where it s hidden. But the buildin

g begins to fall apart and blocks falling from a great height will bury the enem

y under them.

It s so cool and unexpected!

The number of levels in the Angry Birds series exceeds all reasonable l

imits, and they all offer you a fascinating gameplay, pleasantly surpassing thei

r variety. So, in "Angry Birds Space"; our heroes conquer outer space.

Birds become small astronauts whose trajectory is affected by the gravitational

fields of the surrounding astronomical bodies, and that has to be taken into acc

ount. And in "Angry Birds Star Wars";, the clash between birds and pigs

unfolds in the galactic universe in the new form of Jedi and Sith. And it s up

to you whether you re good or evil. If you like movies about Transformers, you c

an combine two hobbies in one game - "Angry Birds Transformers";. The A

utobots, of course, the birds, and the Decepticons, the mumps, will collide agai

n on Swine Island. Exciting and amazing battles, unique possibilities of the fil
