<p>Paper.io 2 is a real-time multiplayer .io game where you have to capture

as much territory as possible by painting&#127822; it. Paint the map in your own

color to take over the Paper.io world! Look out for other players vying&#1278

22; to claim your space.</p>

<p>How to Play</p>

<p>Use your mouse to move around and cover the floor with your color. Glide

over&#127822; white space and other players paint, then create a connection b

ack to your own color to claim that area. You&#127822; can also destroy other pl

ayers territory completely by crashing into their tail when they are exposed.<

</p>

<p>That also means when you re&#127822; moving outside of your color your

tail is exposed to attack. Other players can crash into it to obliterate you.<
