Original Minecraft

However, if you want to play the original pre-release game, Mojang released Minecraft Classic for the game's 10-year anniversary. This version is based on the browser-based alpha version of the game, a great bit of nostalgia for the original Minecrafters out there.

Moving on to similar games, there's plenty of sandbox games in this genre. Some of these games are self-claimed Minecraft Clones like Mine Clone 3, which features many similarities with the original game.

Minecraft-Inspired Games

There's plenty of innovative titles that take Minecraft elements to create an entirely new game. Check out Merge Pickaxe for a game that combines Minecraft and idle elements. Minecraft Tower Defense is another cool Minecraft-inspired game featuring addictive tower defense mechanics! For an FPS game that you've hooked, Pixel Warfare is a classic FPS game with a Minecraft-style aesthetic.
