Why? One of the tasks of our site is to provide you with access #127775; to high-quality games that can compete with Poki games. All games present in our catalog are free. There are more #127775; than 300 thematic categories on our site. The section of 1001 games designed for tablets and smartphones, which also work #127775; on desktops, is also growing rapidly. We have collected for you a vast number of games, including all the most #127775; famous game series that are updated daily, which are not available on the original Poki website yet. To start with, #127775; choose the genre you like, then decide on the game you want to play and launch it right away, without #127775; registering and downloading it to your computer.</p><p>From Flash to HTML5 available without Poki games</p><p>Since people have always enjoyed unwinding and #127775; having fun, they have created numerous devices or simply exploited resources that were available to them. That is how things #127775; familiar to us were created: balls, skittles before that they were just stones and sticks. But now we have #127775; all these technology and devices, thanks to which the gaming component of everyday life has increased many times.</p><p>Since modern browsers #127775; have stopped supporting Flash technology since 2024, games based on this system are gradually leaving web pages. However, there are #127775; still some of the most popular toys that work in browsers using special emulators. HTML5 technology significantly expands the possibilities #127775; for players. Created using modern developments, HTML5 games can be launched both on desktops and on many other devices of #127775; various mod
