A programação de hoje do SBT inclui uma variedade de programas para entreter e informar seus telespectadores. A emissora começa às 6h com o programa "Bom Dia & Cia", um programa de auditório que reúne diversos apresentadores e convidados especiais para discutir temas atuais e entreter o público com jogos e brincadeiras.

A seguir, às 11:30, é exibido o "Programa do Ratinho", um talk show que mistura entrevistas com celebridades, música e humor. O apresentador Ratinho, conhecido por sua abordagem informal e por seu jeito divertido de entrevistar convidados famosos.

No final da tarde, o SBT exibe a novela "Café com Aroma de Mulher", que é um grande sucesso de audiência. A trama é uma produção brasileira que conta a história de um grupo de mulheres que lutam por seus sonhos e enfrentam desafios em suas vidas pessoais e profissionais.

Por fim, à noite, o SBT exibe o "Festival Sertanejo", um programa que apresenta os melhores sucessos da música sertaneja e recebe convidados especiais para se apresentarem ao vivo no palco.

A ideia era marcar Las Vegas como mais do que um destino por jogo, promovendo uma liberdade com o empoderamento dos adultos.

In absolute terms, the GeForce GTX 750 Ti is just about as fast as Radeon R7 265. But again, that's a 150 W GPU. The new GeForce uses just 40% of its power. You could throw four onto a motherboard for \$100 less than one Radeon R9 290X, use less power, and achieve higher hash rates.

GeForce GTX 750 Ti | Reviews
