Start by picking if you want to be Mario or Luigi, and know that you move using the arrow keys, `↔`, and press the spacebar to select items. This is going to be basically like Mario Forever, only online, and you `↔`, get to re-visit all of the amazing worlds you've grown to love, giving it your best to reach the end `↔`, of each level without dying.

Along the way, hit bricks and blocks to collect the coins inside them, but sometimes you `↔`, get mushrooms, which can help you grow in size, which is the red mushroom, while the green mushroom will give `↔`, you the ability to shoot fire. Avoid or shoot enemies, such as the turtles or the Kappa, because if they `↔`, touch you, you lose or decrease in size.

The number of lives you have is limited, so don't lose them all. `↔`, Be careful of the man-eating plants coming out of the green tubes, but use some of them to teleport. Also, `↔`, make use of platforms, static or moving ones, and make sure to never fall in the pits, since that also `↔`, means you lose. Get to the end of each level, until you finish all the stages and save Princess Peach!
