It's a common mistake to think that you can just buy a UAV and use it. In fact, you need to be a member of the community to use them. If you use Assault, you have to do the kills without dying, before you earn the first scorestreak, then you can press '3' and enable UAV, if that is your first scorestreak. If you use Support, you can die and still earn score for scorestreaks. Then you can use them by pressing the button 3-4 or 5 to activate them.
