&You have not played any games like lcycle in the Friv 2024 Games catego
ry on our website before, which ; is the primary reason why we wanted t
o bring you the game today, especially after we played it and had ; lot
s and lots of fun with it, so we are sure that the same thing is going to apply
to ; you all as well, or otherwise we would not have brought it over in
the first place. This is a ; bicycle game, taking place in a frozen wo
rld, and it is a really unique game. Because of that, let us ; explain
what you do in it and how right now, after which we invite you to let the fun be
gin ; immediately! You increase or decrease speed using the left and ri
ght arrow keys, jump with the up arrow or the ; space bar, and use down
for air over thermals. You are going to go in each level and ride your ;
; BMX bike, with the goal of reaching the end of the track without crashing, an
d along the way you should ; give it your best so that you collect as m
any soap bubbles on the way as possible. Let the fun ; begin right now,
only here, and stay with us, since more amazing games such as this one are goin

g to ; follow!
