This movie has too much violence and gore. It is definitely not for kids and especially when their brain is still developing. This is also not a movie for people who are sensitive to slasher films. There's one big main scene that was disturbing and petrified me.

**Frightening & Intense Scenes (6)** The woman with the disfigured face could be unnerving to some viewers. Several jumpscare occur throughout the film, but it also has a lingering sense of dread and anticipation, knowing it won't be long before Art's next murder.
