<p>Best cod of the modern era, not that that saying much. The campaign was
fun enough, 🏀 with interesting ideas such as dialogue options and branching missions, but overall it's hard to get invested in due to 🏀 the state of the overarching COD storyline. I'm honestly can't tell if this is solely in the new MW timeline, 🏀 a sequel to the old black ops storyline, or some weird fusion of the two that drags the old games 🏀 into everything.</p>
<p>Not much to say on the MP. I haven't played it since it's year in the cycle, and games 🏀 are hard to find, at least on pc/steam. From what I remember I enjoyed it, especially the 3v3 mode. the 🏀 overall game feel is bad compared to the MW games, but I think that's not an issue going forward. Fun 🏀 for the most part, but SBMM makes matchmaking annoying to participate in, often having the game openly tell you it's 🏀 searching for games with 100 plus ping at times.</p>
<p>Zombies though, Zombies is genuine great. BO 3 is certainly the peak 🏀 of the original zombies formula, but I dare say I almost like this more , gameplay wise. It is sadly missing 🏀 a lot of the personality of the W@W-BO3, with MP operators as characters instead of a set crew being the 🏀 largest problem. The HUD does also kinda suck, fine in function but lacking any character in the design. Especially compared 🏀 to BO3, although I'd say it's still miles above BO4 with how cluttered that was.</p>
<p>All in all, I'd say it's 🏀 worth it on sale if you really like cod zombies and skipped this one. It has a lot of rouge-like 🏀 elements that can keep you playing for a while, plus a weapon/camo grind, if you're into that sorta thing. If 🏀 you're not a fan of zombies, don't bother.</p>
