Total Football is a soccer game for Android in which you can play exciting matches with a high level of realism. The title includes Fifa Pro licenses which allow us to easily identify more than 60,000 players from the main teams in the world. Within Total Football we will find a game system fully adapted to touch devices. At the start of the game, you will be asked to create a profile. The rules of the game are simple. The game is cooperative for 2 players from 7Spot Games. In the second part of the Duo Vikings series, our friends Viking continue their journey exploring more castles full of obstacles and carefully designed. You can play solo, but it's much more exciting to play with a friend to solve all the puzzles together. Pick up the traps, open the doors, activate elevators and break objects. Solve your path through the corridors and win your place in Valhalla.
