Como +2 afeta as probabilidades de apostas?
O handicap +2 pode afetar muito as probabilidades de apostas esportivas. A equipe favorita geralmente recebe um -2, o que significa que eles precisam ganhar por pelo menos três gols para cobrir esse problema. Por outro lado, dada uma desvantagem +2, ou seja, podem perder até dois gols e ainda assim encobrir este obstáculo. Isso torna mais atraente os apostadores com vontade na equipa dos underdog (outro j)
